Oberland Nature Reserve

Wildlife-rich tree savanna along the southern boundary of Etosha National Park

Memorable experiences begin just a few steps away.

Etosha Safari

Full - day or half-day experiences – The national park, with its distinctive white soil, is famous for its abundance of wildlife. Daily game drives depart from the lodge in Etosha. The chances of spotting wildlife are significantly higher on guided tours than on self-drive excursions, as the experienced guides and park rangers share information about the day's sightings. After an early-bird breakfast, a maximum of six guests set off on a game drive in comfortable Land Cruiser off-road vehicles.

Departure: in the morning at reception

Private full-day or half-day tours are also available on request.

Exploring the Oberland Nature Reserve

Bush Dinner – The evening begins with a drive through the nature reserve – but the destination remains a secret. The landscape is bathed in warm light, birds fly off to their roosts and the sounds of nature grow louder. Eventually, you arrive at a dinner spot surrounded by untouched nature. Under the starry sky, dinner is enjoyed at a hidden waterhole.

Exploring the Oberland Nature Reserve

Guided Walk – On the guided bush walk, tracks are interpreted while guests learn about the region's fauna and, in particular, its flora. The guide provides fascinating insights into nature. Experiencing the bush on foot, tracking antelopes and birds, and learning about the traditional medicinal uses of native plants offers a perspective that cannot be experienced in the same way from a safari vehicle, particularly as leaving the vehicle is not permitted throughout Etosha National Park. The walk leads through dense bush, mopane woodland and open savanna.
